

## ATG12 antibody

### Product Information

Catalog No.:	FNab10376
Size:	100µg
Form:	liquid
Purification:	Immunogen affinity purified
Purity:	≥95% as determined by SDS-PAGE
Host:	Rabbit
Clonality:	polyclonal
Clone ID:	None
IsoType:	IgG
Storage:	PBS with 0.02% sodium azide and 50% glycerol pH 7.3, -20°C for 12 months(Avoid repeated freeze / thaw cycles.)

### Background

Ubiquitin-like protein involved in autophagy vesicles formation. Conjugation with ATG5 through a ubiquitin-like conjugating system involving also ATG7 as an E1-like activating enzyme and ATG10 as an E2-like conjugating enzyme, is essential for its function. The ATG12-ATG5 conjugate acts as an E3-like enzyme which is required for lipidation of ATG8 family proteins and their association to the vesicle membranes. The ATG12-ATG5 conjugate also regulates negatively the innate antiviral immune response by blocking the type I IFN production pathway through direct association with RARRES3 and MAVS. Plays also a role in translation or delivery of incoming viral RNA to the translation apparatus.

### Immunogen information

Immunogen:	ATG12 autophagy related 12 homolog
Synonyms:	Ubiquitin-like protein ATG12 Autophagy-related protein 12 (APG12-like) ATG12 APG12 APG12L
Observed MW:	48-50 kDa
Uniprot ID :	O94817

### Application

Reactivity:	Human, Mouse
Tested Application:	ELISA, IHC

---

Recommended dilution: IHC: 1:50-1:200
