Betaine-Homocysteine S-Methyltransferase 1 (BHMT) Antibody

Catalogue No.: abx001128

Western blot analysis of extracts of Recombinant protein, using BHMT antibody (abx001128) at 1/1000 dilution.

BHMT Antibody is a Rabbit Polyclonal antibody against BHMT. This gene encodes a cytosolic enzyme that catalyzes the conversion of betaine and homocysteine to dimethylglycine and methionine, respectively. Defects in this gene could lead to hyperhomocyst(e)inemia, but such a defect has not yet been observed. [provided by RefSeq, Jul 2008].

Target: BHMT

Reactivity: Human, Mouse, Rat

Host: Rabbit

Clonality: Polyclonal

Tested Applications: WB

Recommended dilutions: WB: 1/500 - 1/2000. Optimal dilutions/concentrations should be determined by the end user.

Immunogen: Recombinant protein of human BHMT.

Purification: Affinity purified.

Form: Liquid

Isotype: IgG

Conjugation: Unconjugated

Storage: Aliquot and store at -20 °C. Avoid repeated freeze/thaw cycles.

Molecular Weight: Calculated MW: 44 kDa
Observed MW: 45 kDa

Swiss Prot: [Q93088](#)

GeneID: [635](#)

Gene Symbol: BHMT

Concentration: > 1 mg/ml

Buffer: PBS, pH 7.3, 0.02% sodium azide, 50% glycerol.
