## Amine Oxidase, Copper Containing 1 (AOC1) Antibody

Catalogue No.: abx004771

Western blot analysis of extracts of various cell lines, using AOC1 antibody (abx004771) at 1/1000 dilution.

AOC1 Antibody is a Rabbit Polyclonal antibody against AOC1. This gene encodes a metal-binding membrane glycoprotein that oxidatively deaminates putrescine, histamine, and related compounds. The encoded protein is inhibited by amiloride, a diuretic that acts by closing epithelial sodium ion channels. Alternatively spliced transcript variants encoding multiple isoforms have been observed for this gene.
