Growth Associated Protein 43 (GAP43) Antibody

Catalogue No.:abx004876

GAP43 Antibody is a Rabbit Polyclonal antibody against GAP43. The protein encoded by this gene has been termed a 'growth' or 'plasticity' protein because it is expressed at high levels in neuronal growth cones during development and axonal regeneration. This protein is considered a crucial component of an effective regenerative response in the nervous system. Alternatively spliced transcript variants encoding distinct isoforms have been found for this gene.
