# Eukaryotic Translation Initiation Factor 2-Alpha Kinase 3 (E2AK3) Antibody

Catalogue No.: abx013820

Western blot analysis of extracts from HeLa cells and HepG2 cells, using E2AK3 antibody.

Immunofluorescence analysis of HepG2 cells, using E2AK3 antibody.

Rabbit polyclonal antibody against E2AK3 protein. Immunogen region is N-terminal.

|                               |                                                                                                                                   |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | E2AK3                                                                                                                             |
| <b>Reactivity:</b>            | Human                                                                                                                             |
| <b>Host:</b>                  | Rabbit                                                                                                                            |
| <b>Clonality:</b>             | Polyclonal                                                                                                                        |
| <b>Tested Applications:</b>   | ELISA, WB, IF/ICC                                                                                                                 |
| <b>Recommended dilutions:</b> | WB: 1/500 - 1/3000, IF/ICC: 1/100 - 1/500, ELISA: 1/40000. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Immunogen:</b>             | The antiserum was produced against synthesized peptide derived from N-terminal of human E2AK3.                                    |
| <b>Purification:</b>          | Purified from rabbit antiserum by affinity chromatography using epitope-specific immunogen.                                       |
| <b>Form:</b>                  | Liquid                                                                                                                            |
| <b>Isotype:</b>               | IgG                                                                                                                               |

**Conjugation:** Unconjugated

**Storage:** Aliquot and store at -20 °C. Avoid repeated freeze/thaw cycles.

**Swiss Prot:** [Q9NZJ5](#)

**Enzyme Commission Number:** EC 2.7.11.1

**Buffer:** PBS (without Mg<sup>2+</sup> and Ca<sup>2+</sup>), pH 7.4, 150 mM NaCl, 0.02% sodium azide, 50% glycerol.

**Note:** This product is for research use only.
