## E74-Like Factor 4 (Ets Domain Transcription Factor) (ELF4) Antibody

Catalogue No.: abx015060

Western blot analysis of extracts from Jurkat cells, using ELF4 antibody.

Rabbit polyclonal antibody against ELF4 protein. Immunogen region is Internal.

|                               |                                                                                                            |
|-------------------------------|------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | ELF4                                                                                                       |
| <b>Reactivity:</b>            | Human, Mouse                                                                                               |
| <b>Host:</b>                  | Rabbit                                                                                                     |
| <b>Clonality:</b>             | Polyclonal                                                                                                 |
| <b>Tested Applications:</b>   | ELISA, WB                                                                                                  |
| <b>Recommended dilutions:</b> | WB: 1/500 - 1/3000, ELISA: 1/10000. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Immunogen:</b>             | The antiserum was produced against synthesized peptide derived from internal of human ELF4.                |
| <b>Purification:</b>          | Purified from rabbit antiserum by affinity chromatography using epitope-specific immunogen.                |
| <b>Form:</b>                  | Liquid                                                                                                     |
| <b>Isotype:</b>               | IgG                                                                                                        |
| <b>Conjugation:</b>           | Unconjugated                                                                                               |
| <b>Storage:</b>               | Aliquot and store at -20 °C. Avoid repeated freeze/thaw cycles.                                            |
| <b>Swiss Prot:</b>            | <a href="#">Q99607</a>                                                                                     |
| <b>Buffer:</b>                | PBS (without $Mg^{2+}$ and $Ca^{2+}$ ), pH 7.4, 150 mM NaCl, 0.02% sodium azide, 50% glycerol.             |
| <b>Note:</b>                  | This product is for research use only.                                                                     |
