## PARP (Cleaved-Asp214) Antibody

Catalogue No.: abx015613

Western blot analysis of extracts from A549 cells, treated with etoposide (25uM, 24hours), using PARP (Cleaved-Asp214) antibody.

Rabbit polyclonal antibody against PARP protein. Immunogen region is Internal. Specificity is as follows for the reactive species: H:D214, M:D214.

|                                  |                                                                                                            |
|----------------------------------|------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                   | PARP                                                                                                       |
| <b>Reactivity:</b>               | Human, Mouse                                                                                               |
| <b>Host:</b>                     | Rabbit                                                                                                     |
| <b>Clonality:</b>                | Polyclonal                                                                                                 |
| <b>Tested Applications:</b>      | ELISA, WB                                                                                                  |
| <b>Recommended dilutions:</b>    | WB: 1/500 - 1/3000, ELISA: 1/20000. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Immunogen:</b>                | The antiserum was produced against synthesized peptide derived from internal of human PARP.                |
| <b>Purification:</b>             | Purified from rabbit antiserum by affinity chromatography using epitope-specific immunogen.                |
| <b>Form:</b>                     | Liquid                                                                                                     |
| <b>Isotype:</b>                  | IgG                                                                                                        |
| <b>Conjugation:</b>              | Unconjugated                                                                                               |
| <b>Storage:</b>                  | Aliquot and store at -20 °C. Avoid repeated freeze/thaw cycles.                                            |
