Insulin Growth Factor Binding Protein-3 (IGFBP) Antibody

Catalogue No.: abx024030

Insulin Growth Factor Binding Protein-3 (IGFBP) Antibody is a Cell Culture Monoclonal against Insulin Growth Factor Binding Protein-3 (IGFBP).

Target:	Insulin Growth Factor Binding Protein-3 (IGFBP)
Host:	Mouse
Clonality:	Monoclonal
Tested Applications:	ELISA, CLIA, RIA
Immunogen:	Human IGFBP-3 Recombinant.
Purification:	Protein A Chromatography.
Form:	Liquid
Isotype:	IgG ₁
Specificity:	Recognizes native and recombinant Human IGFBP-3.
Storage:	Store at 2-8°C.
Concentration:	1.26 mg/ml (OD280nm, E0.1%= 1.45)
Buffer:	0.1 M Borate Buffered Saline, pH 8.0.
Note:	This product is for research use only.
