## **Islet cells Antigen 230, ICA230 Protein**

Catalogue No.: abx060287

Islet cells Antigen 230, ICA230 Protein is a Recombinant protein from Human.

|                             |                                                                              |
|-----------------------------|------------------------------------------------------------------------------|
| <b>Target:</b>              | Islet cells Antigen 230, ICA230                                              |
| <b>Origin:</b>              | Human                                                                        |
| <b>Host:</b>                | E. coli                                                                      |
| <b>Tested Applications:</b> | ELISA                                                                        |
| <b>Purity:</b>              | > 85% by SDS-PAGE                                                            |
| <b>Form:</b>                | Liquid                                                                       |
| <b>Storage:</b>             | Aliquot and store at -20°C for long term. Avoid repeated freeze/thaw cycles. |
| <b>Expression:</b>          | Recombinant                                                                  |
| <b>Buffer:</b>              | Tris-HCl, pH 7.4±0.2 with 0.02% NaN <sub>3</sub> .                           |
| <b>Note:</b>                | This product is for research use only.                                       |
