Human Adiponectin Protein

Catalogue No.: abx060924

Human Adiponectin Protein is a purified protein or bioactive peptide. This protein is from Human Plasma.

Target:	Human Adiponectin
Origin:	Human
Host:	Human
Purification:	Affinity purification.
Form:	Lyophilized
Conjugation:	Unconjugated
Storage:	Aliquot and store at -20 °C. Avoid repeated freeze/thaw cycles.
Buffer:	Buffer contains no preservative.
Directions for use:	Centrifuge before opening to ensure complete recovery of vial contents.
Note:	This product is for research use only.
