Human CA125 Antigen Grade Protein

Catalogue No.: abx060960

Human CA125 Antigen Grade Protein is a purified reagent for cancer research.

Target:	Human CA125 Antigen Grade
Origin:	Human
Host:	Human
Tested Applications:	WB, RIA
Purification:	Purified from Human
Form:	Liquid
Conjugation:	Unconjugated
Storage:	Aliquot and store at -20 °C. Avoid repeated freeze/thaw cycles.
Buffer:	Buffer contains NaN ₃ as a preservative.
Directions for use:	Centrifuge before opening to ensure complete recovery of vial contents.
Note:	This product is for research use only.
