Human Epididymis Protein 4 (HE4) Protein

Catalogue No.: abx061595

Human Epididymis Protein 4 (HE4) Protein is a protein produced in Human fluids.

Target:	Epididymis 4 (HE4)
Host:	Human
Tested Applications:	CLIA
Purity:	> 90% pure (SDS-PAGE)
Purification:	Purified
Form:	Liquid
Buffer:	50 mM Sodium Phosphate, pH 7.4 + 0.2 with 20% Glycerol.
Note:	This product is for research use only.
