Human Thyroglobulin Protein

Catalogue No.: abx061600

Human Thyroglobulin Protein is a protein produced in human thyroid extract.

Target: Human Thyroglobulin

Host: Human

Purity: > 98% pure (SDS-PAGE)

Purification: Purified

Form: Lyophilized

Reconstitution: Reconstitute with Phosphate Buffer, pH > 7.0 containing 0.15 M Sodium Chloride.

Concentration: Prior to lyophilization: 15.98 mg/ml (OD280nm, E1%=1.04)

Buffer: Lyophilized from 20 mM Ammonium Bicarbonate and may contain trace amounts of buffer salts.

Note: This product is for research use only.
