## **rno-mir-16 RT-PCR Detection and U6 Calibration Kit**

Catalogue No.: abx096711

rno-mir-16 RT-PCR Detection and U6 Calibration Kit is used for the detection of mature miRNA rno-mir-16 expression normalized by U6 snRNA.

|                             |                                        |
|-----------------------------|----------------------------------------|
| <b>Target:</b>              | rno-mir-16                             |
| <b>Reactivity:</b>          | Rat                                    |
| <b>Tested Applications:</b> | RT-PCR                                 |
| <b>Storage:</b>             | Store at -20°C for 6 months.           |
| <b>Note:</b>                | This product is for research use only. |
