## **BH3-Interacting Domain Death Agonist (BID) Antibody**

Catalogue No.: abx109577

BH3-interacting domain death agonist Antibody is a Rabbit Polyclonal antibody against BH3-interacting domain death agonist.

|                               |                                                                           |
|-------------------------------|---------------------------------------------------------------------------|
| <b>Target:</b>                | BH3-interacting domain death agonist                                      |
| <b>Reactivity:</b>            | Human                                                                     |
| <b>Host:</b>                  | Rabbit                                                                    |
| <b>Clonality:</b>             | Polyclonal                                                                |
| <b>Tested Applications:</b>   | ELISA                                                                     |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.    |
| <b>Immunogen:</b>             | Recombinant human BH3-interacting domain death agonist protein (1-195AA). |
| <b>Purity:</b>                | > 95%                                                                     |
| <b>Purification:</b>          | Protein G.                                                                |
| <b>Form:</b>                  | Liquid                                                                    |
| <b>Isotype:</b>               | IgG                                                                       |
| <b>Conjugation:</b>           | Unconjugated                                                              |
| <b>Storage:</b>               | Aliquot and store at -20 °C. Avoid repeated freeze/thaw cycles.           |
