## **Aminopeptidase N (CD13) Antibody (PE)**

Catalogue No.: abx133873

Mouse monoclonal antibody to CD13 (PE).

|                             |                                                       |
|-----------------------------|-------------------------------------------------------|
| <b>Target:</b>              | CD13                                                  |
| <b>Reactivity:</b>          | Human                                                 |
| <b>Host:</b>                | Mouse                                                 |
| <b>Clonality:</b>           | Monoclonal                                            |
| <b>Tested Applications:</b> | IF/ICC, FCM                                           |
| <b>Purification:</b>        | The antibody was purified by affinity chromatography. |
| <b>Form:</b>                | Liquid                                                |
| <b>Isotype:</b>             | IgG <sub>2b</sub>                                     |
| <b>Conjugation:</b>         | PE                                                    |
| <b>Specificity:</b>         | Recognises human CD13.                                |
| <b>Storage:</b>             | Shipped and store at 4°C for one year. Do not freeze. |
| <b>Swiss Prot:</b>          | <a href="#"><u>P15144</u></a>                         |
| <b>GeneID:</b>              | <a href="#"><u>290</u></a>                            |
| <b>Gene Symbol:</b>         | ANPEP                                                 |
| <b>Buffer:</b>              | PBS, pH 7.3, 0.2% BSA, and 0.02% sodium azide.        |
| <b>Note:</b>                | This product is for research use only.                |
