

## Human Calprotectin ELISA Kit

Catalogue No.: abx150911

Human Calprotectin ELISA Kit is a sandwich ELISA kit for use with Serum, plasma and other biological fluids. This assay has high sensitivity and excellent specificity for detection of Calprotectin (CALPRO). No significant cross-reactivity or interference between Calprotectin (CALPRO) and analogues was observed.

**Target:** Calprotectin (CALPRO)

**Reactivity:** Human

**Tested Applications:** ELISA

**Recommended dilutions:** Optimal dilutions/concentrations should be determined by the end user.

**Test Range:** 31.25 pg/ml - 2000 pg/ml

**Storage:** Store at 2-8 °C for 6 months from date of receipt. The stability of the kit is determined by the rate of activity loss. The loss rate is less than

**Availability:** Shipped within 5-12 working days.

**Note:** This product is for research use only.
