## Interleukin 27 (IL-27) Antibody

Catalogue No.: abx225246

Immunohistochemical analysis of IL-27 staining in human colon cancer formalin fixed paraffin embedded tissue section. The section was pre-treated using heat mediated antigen retrieval with sodium citrate buffer (pH 6.0). The section was then incubated with the antibody at room temperature and detected using an HRP conjugated compact polymer system. DAB was used as the chromogen. The section was then counterstained with haematoxylin and mounted with DPX.

Western blot analysis of IL-27 expression in Hela (A), HepG2 (B), mouse spleen (C), mouse liver (D) whole cell lysates.
