Goat Thyroid Stimulating Hormone (TSH) ELISA Kit

Catalogue No.: abx257780

Goat TSH ELISA Kit is an ELISA Kit against TSH.

Target: TSH

Reactivity: Goat

Tested Applications: ELISA

Recommended dilutions: Optimal dilutions/concentrations should be determined by the end user.

Test Range: 0.313 μ IU/ml - 20 μ IU/ml

Sensitivity: < 0.19 μ IU/ml

Validity: The validity for this kit is 6 months.

Storage: Store at 4 °C.

Standard Form: Lyophilized

ELISA Detection: Colorimetric

ELISA Type: Sandwich

ELISA Data: Quantitative

Sample Type: Serum, plasma, tissue homogenates and other biological fluids.

Note:

This product is for research use only.

The range and sensitivity is subject to change. Please contact us for the latest product information.

For accurate results, sample concentrations must be diluted to mid-range of the kit. If you require a specific range, please contact us in advance or write your request in your order comments.

Please note that our ELISA and CLIA kits are optimised for detection of native samples, rather than recombinant proteins. We are unable to guarantee detection of recombinant proteins, as they may have different sequences or tertiary structures to the native protein.
