## Human LDL Protein

Catalogue No.: abx260075

Human LDL Protein (Recombinant) is a recombinant protein produced in Human plasma.

**Target:** LDL

**Origin:** Human

**Form:** Liquid (Yellow to orange)

**Conjugation:** Unconjugated

**Storage:** Short term store below -15 °C. Long term store below -70 °C. Human LDL can be further diluted with saline + 15% sucrose.

**Expression:** Recombinant

**Note:** This product is for research use only.
