Precursor Brain-Derived Neurotrophic Factor Protein

Catalogue No.: abx262356

Precursor Brain-Derived Neurotrophic Factor Protein (recombinant) is a cytokine.

Target: proBDNF

Origin: Human

Conjugation: Unconjugated

Expression: Recombinant

Swiss Prot: [P23560](#)

Sequence: The sequence of the first five N-terminal amino acids was determined and was found to be Met-Ala-Pro-Met-Lys.

Note: This product is for research use only.
