## Interferon alpha 2a Protein

Catalogue No.: abx263101

Interferon-alpha 2a Protein (recombinant) is a cytokine.

**Target:** IFN a 2a

**Origin:** Human

**Conjugation:** Unconjugated

**Expression:** Recombinant

**Swiss Prot:** [P01563](#)

**Sequence:** The sequence of the first five N-terminal amino acids was determined and was found to be Cys-Asp-Leu-Pro-Gln, conforming to the sequence of native human IFN- $\alpha$ . N-terminal methionine has been completely removed enzymatically.

**Note:** This product is for research use only.
