## **Ribosome-inactivating protein karasurin-C Antibody (Biotin)**

Catalogue No.: abx319499

Ribosome-inactivating protein karasurin-C Antibody (Biotin) is a Rabbit Polyclonal against Ribosome-inactivating protein karasurin-C conjugated to Biotin.

|                                  |                                                                                                   |
|----------------------------------|---------------------------------------------------------------------------------------------------|
| <b>Target:</b>                   | Ribosome-inactivating protein karasurin-C                                                         |
| <b>Reactivity:</b>               | Plant                                                                                             |
| <b>Host:</b>                     | Rabbit                                                                                            |
| <b>Clonality:</b>                | Polyclonal                                                                                        |
| <b>Tested Applications:</b>      | ELISA                                                                                             |
| <b>Recommended dilutions:</b>    | Optimal dilutions/concentrations should be determined by the end user.                            |
| <b>Immunogen:</b>                | Recombinant Trichosanthes kirilowii Ribosome-inactivating protein karasurin-C protein (22-270AA). |
