

IHH Blocking Peptide (C-term)

Synthetic peptide

Catalog # BP20973c

Specification**IHH Blocking Peptide (C-term) - Product Information**Primary Accession [Q14623](#)**IHH Blocking Peptide (C-term) - Additional Information****Gene ID** 3549**Other Names**Indian hedgehog protein, IHH, HHG-2,
Indian hedgehog protein N-product, Indian
hedgehog protein C-product, IHH**Target/Specificity**The synthetic peptide sequence is selected
from aa 397-411 of HUMAN IHH**Format**Peptides are lyophilized in a solid powder
format. Peptides can be reconstituted in
solution using the appropriate buffer as
needed.**Storage**Maintain refrigerated at 2-8°C for up to 6
months. For long term storage store at
-20°C.**Precautions**This product is for research use only. Not
for use in diagnostic or therapeutic
procedures.**IHH Blocking Peptide (C-term) - Protein Information****Name** IHH**Function**Intercellular signal essential for a variety of
patterning events during development.
Binds to the patched (PTC) receptor, which
functions in association with smoothened
(SMO), to activate the transcription of**IHH Blocking Peptide (C-term) - Background**

Intercellular signal essential for a variety of
patterning events during development. Binds
to the patched (PTC) receptor, which functions
in association with smoothened (SMO), to
activate the transcription of target genes.
Implicated in endochondral ossification: may
regulate the balance between growth and
ossification of the developing bones. Induces
the expression of parathyroid hormone-related
protein (PTHrP) (By similarity).

target genes. Implicated in endochondral ossification: may regulate the balance between growth and ossification of the developing bones. Induces the expression of parathyroid hormone-related protein (PTHrP) (By similarity).

Cellular Location

[Indian hedgehog protein N-product]: Cell membrane; Lipid-anchor; Extracellular side. Note=The N-terminal peptide remains associated with the cell surface. Cell membrane.

Tissue Location

Expressed in embryonic lung, and in adult kidney and liver

IHH Blocking Peptide (C-term) - Protocols

Provided below are standard protocols that you may find useful for product applications.
