MEKKK 4 Ab

Cat.#: AF0512 Concn.: 1mg/ml Mol.Wt.: 142kDa Size: 100ul,200ul Source: Rabbit Clonality: Polyclonal

Application: WB 1:500-1:2000 IF/ICC 1:100-1:500

Reactivity: Human, Mouse

Purification: The antiserum was purified by peptide affinity

chromatography using SulfoLink™ Coupling Resin (Thermo

Fisher Scientific).

Specificity: MEKKK 4 Ab detects endogenous levels of MEKKK 4.

Immunogen: A synthesized peptide derived from human MEKKK 4.

Uniprot: 095819

Description: a Ser/Thr kinase of the STE20 subfamily. May play a role in

the response to environmental stress and cytokines such as TNF-alpha. May interact with the SH3 domain of the adapter proteins Nck. Binds, via its CNH regulatory domain, to the N-terminal region of SPG3A. Upregulated in primary tumors and tumor cell lines. Required for anchorage-independent growth and ras-dependent focus formation in multiple cell lines. 5 isoforms of the human protein are produced by

alternative splicing.

Subcellular Location: Cytoplasm.

Tissue Specificity: Widely expressed. Isoform 5 is abundant in the brain.

Isoform 4 is predominant in the liver, skeletal muscle and

placenta.

Similarity: Belongs to the protein kinase superfamily. STE Ser/Thr

protein kinase family. STE20 subfamily.

Storage Condition and

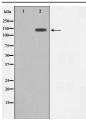

Buffer:

Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at -20

°C.Stable for 12 months from date of receipt.

Western blot analysis on HuvEc cell lysate using MEKKK 4 Ab,The lane on the left is treated with the antigen-specific peptide.

AF0512 staining HeLa cells by IF/ICC. The sample were fixed with PFA and permeabilized in 0.1% Triton X-100,then blocked in 10% serum for 45 minutes at 25°C. The primary Ab was diluted at 1/200 and incubated with the sample for 1 hour at 37°C. An Alexa Fluor 594 conjugated goat anti-rabbit IgG (H+L) Ab(Cat.# S0006), diluted at 1/600, was used as secondary Ab.

<code>IMPORTANT:</code> For western blot, incubate membrane with diluted primary Ab in 5% w/v milk , 1% TBS, 0.1% Tween@20 at 4°C with gentle shaking, overnight.
