

# Polyclonal Sheep anti Human NIPP1

## ORDERING INFORMATION

|                 |   |
|-----------------|---|
| Catalog Number: | hAP-5357                                |
| Size:           | 50 µg                                   |
| Storage:        | < -20 °C                                |
| Immunogen:      | E. coli-derived recombinant human NIPP1 |
| Ig Type:        | IgG                                     |
| Purification:   | Antigen Affinity Purified               |
| Applications:   | WB                                      |

### ***Preparation:***

This antibody was produced from a sheep immunized with purified human NIPP1 protein.

### ***Formulation and Storage:***

The IgG fraction of immunized serum was purified by antigen affinity chromatography and lyophilized from a 0.2 µm filtered solution in phosphate-buffered saline (PBS). Lyophilized samples are stable for 2 years from date of receipt when stored at -70°C.

### ***Reconstitution:***

Reconstitute the antibody with 100 µl sterile PBS and the final concentration is 500µg/ml. Reconstituted antibody can also be aliquoted and stored frozen at < -20 °C for at least for six months without detectable loss of activity. **Avoid repeated freeze-thaw cycles.**

### ***Specificity:***

Detects endogenous human NIPP1 in direct ELISAs and Western blots. Less than 1% cross reactivity. Cross reactivity to other species has not been tested!

### ***Applications:***

|    |     |                 |
|----|-----|-----------------|
| WB | Yes | 1 : 1000 - 2000 |
|----|-----|-----------------|

*Optimal dilutions should be determined by each laboratory for each application.*

The listed dilutions are for recommendation only and the final conditions should be optimized by the ender users!

**This product is sold for Research Use Only !**
