

Interleukin-8 (1-72 a.a.) Human Recombinant (CXCL8)

Item Number rAP-0172

IL-8, CXCL8, Monocyte-derived neutrophil chemotactic factor, MDNCF, T-cell chemotactic factor, Neutro-Synonyms

phil-activating protein 1, NAP-1, Protein 3-10C, Granulocyte chemotactic protein 1, GCP-1, Monocyte-

derived neutrophil-activating peptide, MONAP, Emoctaki

Description Interleukin-8 Human Recombinant produced in E.Coli is a single, non-glycosylated polypeptide chain con-

taining 72 amino acids and having a molecular mass of 8452 Dalton. The IL-8 is purified by proprietary

chromatographic techniques.

P10145 **Uniprot Accesion Number**

Amino Acid Sequence The sequence of the first five N-terminal amino acids was determined and was found to be Ser-Ala-Lys-Glu

Escherichia Coli. Source

Physical Appearance

and Stability

Sterile Filtered White lyophilized (freeze-dried) powder. Lyophilized Interleukin-8 although stable at room temperature for 3 weeks, should be stored desiccated below -18°C. Upon reconstitution CXCL8 should be stored at 4°C between 2-7 days and for future use below -18°C. For long term storage it is recommended to

add a carrier protein (0.1% HSA or BSA). Please prevent freeze-thaw cycles.

Formulation and Purity The IL-8 was lyophilized from a concentrated (1mg/ml) solution in water containing no additives. Greater

than 98.0% as determined by:(a) Analysis by RP-HPLC.(b) Analysis by SDS-PAGE.

Application

Solubility It is recommended to reconstitute the lyophilized Interleukin-8 in sterile 18MΩ-cm H2O not less than 100μg/

ml, which can then be further diluted to other aqueous solutions.

Biological Activity Specific Activity of IL8 in chemotaxis of donor PBL neutrophils, threshold concentration corresponding to 10

-100 ng/ml corresponding to a Specific Activity of 10,000-100,000IU/mg.

Shipping Format and Condition Lyophilized powder at room temperature.

Optimal dilutions should be determined by each laboratory for each application. The listed dilutions are for recommendation only and the final conditions should be optimized by the ender users! This product is sold for Research Use Only
