

## Anti-C1q Reference Antibody (ANX005)

Catalog Number: M01955-1

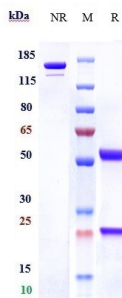

### Overview

|                      |                                                                                                                                                                                                                                               |
|----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Name         | Anti-C1q Reference Antibody (ANX005)                                                                                                                                                                                                          |
| Reactive Species     | Cynomolgus monkey, Human                                                                                                                                                                                                                      |
| Description          | Boster Bio Anti-C1q Reference Antibody (ANX005) (Catalog # M01955-1). Tested in Flow Cytometry, ELISA, FTA. This antibody reacts with Cynomolgus monkey, Human. Endotoxin: < 0.665EU/ug,determined by LAL method. Expression system: CHO Cell |
| Application          | ELISA, Flow Cytometry, Functional Assay, Kinetics                                                                                                                                                                                             |
| Clonality            | Monoclonal                                                                                                                                                                                                                                    |
| Formulation          | Purified monoclonal antibody supplied in PBS, pH6.0, without preservative.This antibody is purified through a protein A column.                                                                                                               |
| Storage Instructions | Maintain refrigerated at 2-8°C for up to 2 weeks. For long-term storage, aliquot and store at -20°C to avoid repeated freeze-thaw cycles.                                                                                                     |
| Uniprot ID           | P02745                                                                                                                                                                                                                                        |

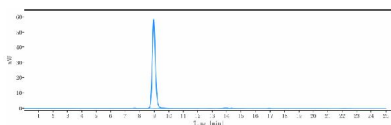

### Technical Details

|               |        |
|---------------|--------|
| Isotype       | IgG1   |
| Form          | Liquid |
| Concentration | 1mg/ml |

## Anti-C1q Reference Antibody (ANX005) (M01955-1) Images

Anti-C1q Reference Antibody (ANX005) on SDS-PAGE under reducing (R) condition. The gel was stained with Coomassie Blue. The purity of the protein is greater than 95%

The purity of Anti-C1q Reference Antibody (ANX005) is more than 100%
