

## Anti-FKBP12 Rabbit Monoclonal Antibody

Catalog Number: M04492

### About FKBP1A

Plays a major role in tight junction-specific obliteration of the intercellular space.

### Overview

|                      |                                                                                                                                                     |
|----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Name         | Anti-FKBP12 Rabbit Monoclonal Antibody                                                                                                              |
| Reactive Species     | Human, Mouse, Rat                                                                                                                                   |
| Description          | Boster Bio Anti-FKBP12 Rabbit Monoclonal Antibody catalog # M04492. Tested in WB, ICC/IF applications. This antibody reacts with Human, Mouse, Rat. |
| Application          | IF, ICC, WB                                                                                                                                         |
| Clonality            | Monoclonal AAFH-6                                                                                                                                   |
| Formulation          | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol, 0.4-0.5mg/ml BSA.                                 |
| Storage Instructions | Store at -20°C for one year. For short term storage and frequent use, store at 4°C for up to one month. Avoid repeated freeze-thaw cycles.          |
| Host                 | Rabbit                                                                                                                                              |
| Uniprot ID           | P62942                                                                                                                                              |

### Technical Details

|                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
