

# Human NMT2 Recombinant Protein

Catalog Number: PROTO60551

## Overview

|              |                                                                                                                       |
|--------------|-----------------------------------------------------------------------------------------------------------------------|
| Product Name | Human NMT2 Recombinant Protein                                                                                        |
| Description  | Human NMT2 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 1-498aa. Application(s): SDS-PAGE. |
| Size         | Starting from 20ug                                                                                                    |
| Tag          | His-Tag                                                                                                               |
| Form         | Liquid                                                                                                                |
| Source       | E. coli                                                                                                               |
| Formulation  | 20mM Tris-HCl buffer (pH 8.0) containing 10% glycerol, 2mM DTT, 0.1M NaCl                                             |

## Concentration

1mg/ml (determined by Bradford assay)

## Storage

Can be stored at 2°C to 8°C for 1 week. For long-term storage, aliquot and store at -20°C to -80°C. Avoid repeated freeze-thaw cycles.

## Purity

> 85% by SDS-PAGE

## Amino Acid Sequence
