

# CDK2AP2 (NM\_005851) Human Recombinant Protein

Catalog Number: PROTO75956

## Overview

|              |                                                                                       |
|--------------|---------------------------------------------------------------------------------------|
| Product Name | CDK2AP2 (NM_005851) Human Recombinant Protein                                         |
| Description  | Recombinant protein of human cyclin-dependent kinase 2 associated protein 2 (CDK2AP2) |
| Size         | 20 µg                                                                                 |
| Tag          | C-Myc/DDK                                                                             |
| Form         | Frozen Solution in PBS Buffer                                                         |
| Source       | HEK293T                                                                               |
| Formulation  | 25 mM Tris.HCl, pH 7.3, 100 mM glycine, 10% glycerol                                  |

## Concentration

>50 ug/mL as determined by microplate BCA method

## Storage

Store at -80°C. Stable for 12 months from the date of receipt of the product under proper storage and handling conditions. Avoid repeated freeze-thaw cycles. (Ship on dry ice.)

## Purity

> 80% as determined by SDS-PAGE and Coomassie blue staining

## Amino Acid Sequence

MSYKPIAPAPSSTPGSSTPGPGTPVPTGSVPSPSGSVPGAGAPFRPLFNDFGPPSMGYVQAMKPPGAQGSQSTYTDLLSVIEEMGKEIRPTYAGSKSAME  
RLKRGIIHARALVRECLAETERNART [?/description\\_after\\_attributes?](#)

## Usage

Boster's products are furnished for LABORATORY RESEARCH USE ONLY. The product may not be used as drugs, agricultural or pesticidal products, food additives or household chemicals.
