

## Human CCNG1 Recombinant Protein

Catalog Number: PROTP51959

### Overview

|              |                                                                                                                        |
|--------------|------------------------------------------------------------------------------------------------------------------------|
| Product Name | Human CCNG1 Recombinant Protein                                                                                        |
| Description  | Human CCNG1 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 1-295aa. Application(s): SDS-PAGE. |
| Size         | Starting from 10ug                                                                                                     |
| Tag          | His-Tag                                                                                                                |
| Form         | Liquid                                                                                                                 |
| Source       | E. coli                                                                                                                |
| Formulation  | 20mM Tris-HCl buffer (pH 8.0) containing 50% glycerol, 0.2M NaCl, 5mM DTT                                              |

### Concentration

0.25mg/ml (determined by Bradford assay)

### Storage

Can be stored at 2°C to 8°C for 1 week. For long-term storage, aliquot and store at -20°C to -80°C. Avoid repeated freeze-thaw cycles.

### Purity

> 85% by SDS-PAGE

### Amino Acid Sequence
