

## Human ubiquitin Recombinant Protein

Catalog Number: PROTP62979

### Overview

|              |                                                                                                                                                                                            |
|--------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Name | Human ubiquitin Recombinant Protein                                                                                                                                                        |
| Description  | Human ubiquitin Recombinant Protein expressed in E. coli (non-tagged). Sequence domain: 1-76aa. Application(s): SDS-PAGE. Endotoxin: < 1 EU per 1ug of protein (determined by LAL method). |
| Size         | Starting from 20ug                                                                                                                                                                         |
| Tag          | Non-Tagged                                                                                                                                                                                 |
| Form         | Liquid                                                                                                                                                                                     |
| Source       | E. coli                                                                                                                                                                                    |
| Formulation  | 50mM HEPES buffer (pH 7.4) containing 150mM NaCl, 1mM DTT, 10% glycerol                                                                                                                    |

### Concentration

1mg/ml (determined by BCA assay)

### Storage

Can be stored at 2°C to 8°C for 1 week. For long-term storage, aliquot and store at -20°C to -80°C. Avoid repeated freeze-thaw cycles.

### Purity

> 95% by SDS-PAGE

### Amino Acid Sequence

Human, P62979, 1-76aa; MQIFVKLTG KTITLEVEPS DTIENVKAKI QDKEGIPPDQ QRLIFAGKQL EDGRTLSDYN IQKESTLHLV LRLRGG
