

Human IFN gamma Recombinant Protein

Catalog Number: R00393-7

Overview

Product Name	Human IFN gamma Recombinant Protein
Description	IFN-gamma, or type II interferon, is a cytokine that is critical for innate and adaptive immunity against viral and intracellular bacterial infections and for tumor control. Human IFN gamma Recombinant Protein is purified IFN gamma produced in yeast.
Size	5 µg/vial
Tag	
Form	Lyophilized
Source	Yeast
Formulation	Lyophilized without carrier protein.

Concentration

Storage

Store at -20°C for one year. Avoid repeated freeze-thaw cycles.

Purity

Ion-exchange chromatography.

Biological Activity and Protein Authenticity

In testing.
