

Mouse Anti-Human Prothrombin mAb

Catalog No.	CMP132A CMP132B	Quantity:	100 µg 500 µg
Description:	Mouse Anti-Human Prothrombin monoclonal antibody		
Concentration:	5.0 mg/ml		
Gene ID:	2147		
Specificity:	Recognizes human prothrombin, prethrombin-1, fragment 2, and meizothrombin		
Host:	Mouse		
Immunogen:	Full length native protein (purified) (Human)		
Isotype:	IgG2a		
Clone:	5013		
Formulation:	Liquid in 50% glycerol		
Storage & Stability:	Store in working aliquots at -20°C. Avoid repeated freeze-thaw cycles.		

NOT FOR HUMAN USE. FOR RESEARCH ONLY. NOT FOR DIAGNOSTIC OR THERAPEUTIC USE.
