

VASCULAR ENDOTHELIAL CADHERIN, clone BV9 Monoclonal Antibody

Catalog No.: MON 7013

Quantity: 1 ml

Lot: 1334Q

Specificity

This monoclonal antibody (subclass IgG2a) binds to human VE-cadherin. Human vascular endothelium cadherin is an endothelium-specific cadherin localized at the intercellular junctions.

Immunoglobulin type

murine IgG2a

Use

The antibody can be used for staining frozen sections, flow cytometry, inhibitions in biological assays, immunoassays, Western Blots, immunoprecipitation and purification .
(The antibody can be used to investigate the functional role of VE-cadherin).

Presentation

1 ml (100 µg/ml) purified antibody solution in PBS, 0.1% BSA, 0.02% Na-azide.
