

Anti human PR isoform B mouse monoclonal antibody

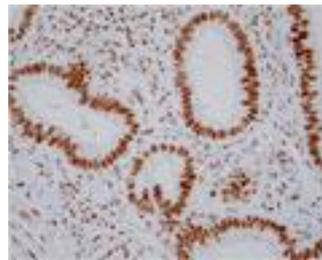

PR isoform B: Progesterone Receptor isoform B

Code No	PP-H5344-00
Clone No.	H5344
Lot.	***
Concentration	1 mg/mL
Volume	100 uL
Ig Class	G2a
Description	Progesterone receptor (PR; NR3C3) is a member of steroid receptor (GR, AR, MR, ER). PR binds progesterone. PR is expressed in uterus, ovary, vagina, fallopian tubes and breast. PR plays a central role in diverse reproductive events associated with establishment and maintenance of pregnancy, alveolar development in the breast, and sexual behavior. Two isoforms of this receptor have been identified, PR-A and PR-B, 94 and 114 kDa in size, respectively. PR was shown that PR-A and PR-B isoforms can form homodimers as well as heterodimers.
Nomenclature	NR3C3
Genbank	M15716
Origin	Produced in BALB/c mouse ascites after inoculation with hybridoma of mouse myeloma cells (NS-1) and spleen cells derived from a BALB/c mouse immunized with Baculovirus-expressed recombinant human PR isoform B (2-99 aa) .
Specificity	This antibody specifically recognizes human PR isoform B and cross reacts with mouse and rat PR isoform B. This antibody does not recognize human PR isoform A.
Purification	Ammonium sulfate fractionation
Formulation	Physiological saline with 0.1% NaN ₃ as a preservative.

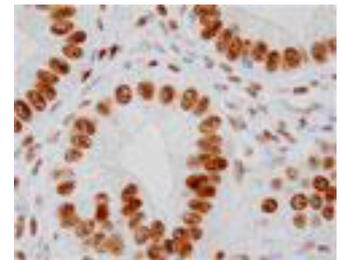

Application / Recommended Concentration

In order to obtain the best results, optimal working dilutions should be determined by each individual user.

Western Blot	1 ug/mL
Non reducing Western Blot	3 ug/mL
ELISA	0.3 ug/mL (A450=0.5)
Immunoprecipitation	Decide by use
Supershift Assay	Not yet tested
Chromatin immunoprecipitation	Not yet tested
Immunohistochemistry	10-20 ug/mL

Human Uterus
Endometrial epithelial cell

Storage

Store at 2 - 8 °C up to one month. For long-term storage, the solution may be frozen in working aliquots. Repeated freezing and thawing is not recommended. Storage in a frost-free freezer is not recommended.

Reference

Notes

Sodium azide may react with lead and copper plumbing to form explosive metal azides. Flush with large amounts of water during disposal.
