

Exosome Isolation Kit (For Cell Culture Media/Urine)

Cat. No.: EIK-01

This product is for research use only and is not intended for diagnostic use.

Size	10 reactions; 24 reactions
Storage Conditions	RT/2-8°C, Store separately according to different components of the kit
Shipment Conditions	Gel Pack
Sample Type	Cell Culture Media/Urine
Application	Exosome isolation and purification from cell culture supernatant or urine
Product Introduction	This product is a rapid and convenient method for the efficient isolation and purification of exosomes from cell culture supernatant or urine. The kit produces highly pure exosomes using filtration method as compared to exosome precipitation methods.

Package Contents	Product Components	10 assays	24 assays	Part Number	Storage Conditions
