

1-Naphthaleneacetic acid [BSA] (DAG-WT1882B)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Conjugate	BSA
Applications	ELISA, LFIA,
Format	Liquid
Size	1 mg
Buffer	10mM PBS, pH 7.4
Preservative	None
Storage	Store at -20°C
Ship	Wet ice

BACKGROUND

Introduction	1-Naphthaleneacetic acid is an organic compound with the formula $C_{10}H_7CH_2CO_2H$. This colorless solid is soluble in organic solvents. It features a carboxymethyl group linked to the "1-position" of naphthalene.
Keywords	1-Naphthaleneacetic acid; NAA
