

Pentachloronitrobenzene [BSA] (DAG-WT1898B)

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Conjugate	BSA
Applications	ELISA, LFIA,
Format	Liquid
Size	1 mg
Buffer	10mM PBS, pH 7.4
Preservative	None
Storage	Store at -20°C
Ship	Wet ice

BACKGROUND

Introduction	Pentachloronitrobenzene, typically abbreviated PCNB, is a registered fungicide formally derived from nitrobenzene. It is either an off-white or yellow solid, depending on its purity, with a musty odor.
Keywords	Pentachloronitrobenzene; PCNB
