

## Recombinant *C. difficile* Toxin B (DAGA-3081)

This product is for research use only and is not intended for diagnostic use.

### PRODUCT INFORMATION

|                      |                                                                                                                                                                                                                                                                                                    |
|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Conjugate</b>     | Unconjugated                                                                                                                                                                                                                                                                                       |
| <b>Applications</b>  | Suitable for use as a control in Lateral Flow Assays. Suitable for spiking into stool samples. Each laboratory should determine an optimum working titer for use in its particular application. Other applications have not been tested but use in such assays should not necessarily be excluded. |
| <b>Format</b>        | Extract                                                                                                                                                                                                                                                                                            |
| <b>Concentration</b> | Batch dependent - please inquire should you have specific requirements.                                                                                                                                                                                                                            |
| <b>Size</b>          | 0.1 mg                                                                                                                                                                                                                                                                                             |
| <b>Buffer</b>        | Phosphate Buffer with salts, pH 7.5.                                                                                                                                                                                                                                                               |
| <b>Preservative</b>  | 0.09% Sodium Azide                                                                                                                                                                                                                                                                                 |
| <b>Storage</b>       | Store at 2-8°C.                                                                                                                                                                                                                                                                                    |
