

# GAPDH Antibody

|                            |                                                                                                                             |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA000351                                                                                                                |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                               |
| <b>Uniprot No.</b>         | P04406                                                                                                                      |
| <b>Immunogen</b>           | Recombinant Protein                                                                                                         |
| <b>Raised In</b>           | Rabbit                                                                                                                      |
| <b>Species Reactivity</b>  | Human,Mouse,Rat,Rabbit,Chicken,Monkey,Sheep,X                                                                               |
| <b>Tested Applications</b> | WB,IHC;WB:1:5000IHC:1:200                                                                                                   |
| <b>Form</b>                | Liquid                                                                                                                      |
| <b>Conjugate</b>           | Non-conjugated                                                                                                              |
| <b>Storage Buffer</b>      | PBS, pH 7.4, containing 0.02% sodium azide as Preservative and 50% Glycerol.                                                |
| <b>Isotype</b>             | IgG                                                                                                                         |
| <b>Alias</b>               | GAPDH; GAPD; CDABP0047; OK/SW-cl.12; Glyceraldehyde-3-phosphate dehydrogenase; GAPDH; Peptidyl-cysteine S-nitrosylase GAPDH |
| <b>Species</b>             | Homo sapiens (Human)                                                                                                        |
| <b>Target Names</b>        | GAPDH                                                                                                                       |

## Image

Western blot analysis of 293T (1), Rat brain (2), NIH 3T3 (3), Sheep Muscle (4), Rabbit testis (5), diluted at 1:20000.
