

# AKT1/AKT2/AKT3 Antibody

|                            |                                                                                                                                                                                                                                                 |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA000848                                                                                                                                                                                                                                    |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                                                                                                                   |
| <b>Uniprot No.</b>         | P31749/P31751/Q9Y243                                                                                                                                                                                                                            |
| <b>Immunogen</b>           | Synthesized peptide derived from Human Akt around the non-phosphorylation site of T308.                                                                                                                                                         |
| <b>Raised In</b>           | Rabbit                                                                                                                                                                                                                                          |
| <b>Species Reactivity</b>  | Human,Mouse,Rat                                                                                                                                                                                                                                 |
| <b>Tested Applications</b> | WB,IHC,ELISA;WB:1/500-1/2000.IHC:1/100-1/300.ELISA:1/20000                                                                                                                                                                                      |
| <b>Form</b>                | Liquid                                                                                                                                                                                                                                          |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                                                                                                                                  |
| <b>Storage Buffer</b>      | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                                                                                         |
| <b>Purification Method</b> | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                                                                           |
| <b>Isotype</b>             | IgG                                                                                                                                                                                                                                             |
| <b>Alias</b>               | AKT1; PKB; RAC; RAC-alpha serine/threonine-protein kinase; Protein kinase B; PKB; Protein kinase B alpha; PKB alpha; Proto-oncogene c-Akt; RAC-PK-alpha; AKT2; RAC-beta serine/threonine-protein kinase; Protein kinase Akt-2; Protein kinase B |
| <b>Target Names</b>        | AKT1/AKT2/AKT3                                                                                                                                                                                                                                  |
