

# ERBB3 Antibody

|                            |                                                                                                                                             |
|----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA002405                                                                                                                                |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                               |
| <b>Uniprot No.</b>         | P21860                                                                                                                                      |
| <b>Immunogen</b>           | Synthesized peptide derived from Human ErbB-3 around the non-phosphorylation site of Y1289.                                                 |
| <b>Raised In</b>           | Rabbit                                                                                                                                      |
| <b>Species Reactivity</b>  | Human,Mouse,Rat                                                                                                                             |
| <b>Tested Applications</b> | WB,IHC,IF,ELISA;WB:1/500-1/2000.IHC:1/100-1/300.IF:1/200-1/1000.ELISA:1/5000                                                                |
| <b>Form</b>                | Liquid                                                                                                                                      |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                              |
| <b>Storage Buffer</b>      | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                     |
| <b>Purification Method</b> | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                       |
| <b>Isotype</b>             | IgG                                                                                                                                         |
| <b>Alias</b>               | ERBB3; HER3; Receptor tyrosine-protein kinase erbB-3; Proto-oncogene-like protein c-ErbB-3; Tyrosine kinase-type cell surface receptor HER3 |
| <b>Species</b>             | Homo sapiens (Human)                                                                                                                        |
| <b>Target Names</b>        | ERBB3                                                                                                                                       |
