

# ATPAF2 Antibody

|                     |                                                                                              |
|---------------------|----------------------------------------------------------------------------------------------|
| Product Code        | CSB-PA002425LA01HU                                                                           |
| Storage             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                |
| Uniprot No.         | Q8N5M1                                                                                       |
| Immunogen           | Recombinant Human ATP synthase mitochondrial F1 complex assembly factor 2 protein (41-289AA) |
| Raised In           | Rabbit                                                                                       |
| Species Reactivity  | Human                                                                                        |
| Tested Applications | ELISA                                                                                        |
| Form                | liquid                                                                                       |
| Conjugate           | Non-conjugated                                                                               |
| Storage Buffer      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4             |
| Purification Method | >95%, Protein G purified                                                                     |
| Isotype             | IgG                                                                                          |
| Clonality           | Polyclonal                                                                                   |
| Alias               | ATP synthase mitochondrial F1 complex assembly factor 2 (ATP12 homolog), ATPAF2, ATP12       |
| Species             | Homo sapiens (Human)                                                                         |
| Research Area       | Signal Transduction                                                                          |
| Target Names        | ATPAF2                                                                                       |
