

# Phospho-DCX (S376) Antibody

|                     |                                                                                                                       |
|---------------------|-----------------------------------------------------------------------------------------------------------------------|
| Product Code        | CSB-PA007675                                                                                                          |
| Storage             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                         |
| Uniprot No.         | O43602                                                                                                                |
| Immunogen           | Synthesized peptide derived from Human Doublecortin around the phosphorylation site of S376.                          |
| Raised In           | Rabbit                                                                                                                |
| Species Reactivity  | Human,Mouse,Rat                                                                                                       |
| Tested Applications | IHC,ELISA;IHC:1/100-1/300.ELISA:1/5000                                                                                |
| Form                | Liquid                                                                                                                |
| Conjugate           | Non-conjugated                                                                                                        |
| Storage Buffer      | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                               |
| Purification Method | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| Isotype             | IgG                                                                                                                   |
| Alias               | DCX; DBCN; LISX; Neuronal migration protein doublecortin; Doublin; Lissencephalin-X; Lis-X                            |
| Species             | Homo sapiens (Human)                                                                                                  |
| Target Names        | DCX                                                                                                                   |
