

# Phospho-EPHA4 (Y596) Antibody

|                            |                                                                                                                                                      |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA008062                                                                                                                                         |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                        |
| <b>Uniprot No.</b>         | P54764                                                                                                                                               |
| <b>Immunogen</b>           | Synthesized peptide derived from Human EphA4 around the phosphorylation site of Y596.                                                                |
| <b>Raised In</b>           | Rabbit                                                                                                                                               |
| <b>Species Reactivity</b>  | Human,Mouse                                                                                                                                          |
| <b>Tested Applications</b> | WB,ELISA;WB:1/500-1/2000.ELISA:1/10000                                                                                                               |
| <b>Form</b>                | Liquid                                                                                                                                               |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                                       |
| <b>Storage Buffer</b>      | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                              |
| <b>Purification Method</b> | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                |
| <b>Isotype</b>             | IgG                                                                                                                                                  |
| <b>Alias</b>               | EPHA4; HEK8; SEK; TYRO1; Ephrin type-A receptor 4; EPH-like kinase 8; EK8; hEK8; Tyrosine-protein kinase TYRO1; Tyrosine-protein kinase receptor SEK |
| <b>Species</b>             | Homo sapiens (Human)                                                                                                                                 |
| <b>Target Names</b>        | EPHA4                                                                                                                                                |
