

# Phospho-ERBB3 (Y1222) Antibody

|                            |                                                                                                                                             |
|----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA008094                                                                                                                                |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                               |
| <b>Uniprot No.</b>         | P21860                                                                                                                                      |
| <b>Immunogen</b>           | Synthesized peptide derived from Human ErbB-3 around the phosphorylation site of Y1222.                                                     |
| <b>Raised In</b>           | Rabbit                                                                                                                                      |
| <b>Species Reactivity</b>  | Human, Mouse, Rat                                                                                                                           |
| <b>Tested Applications</b> | WB, IHC, IF, ELISA; WB: 1/500-1/2000. IHC: 1/100-1/300. IF: 1/200-1/1000. ELISA: 1/20000                                                    |
| <b>Form</b>                | Liquid                                                                                                                                      |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                              |
| <b>Storage Buffer</b>      | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                     |
| <b>Purification Method</b> | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                       |
| <b>Isotype</b>             | IgG                                                                                                                                         |
| <b>Alias</b>               | ERBB3; HER3; Receptor tyrosine-protein kinase erbB-3; Proto-oncogene-like protein c-ErbB-3; Tyrosine kinase-type cell surface receptor HER3 |
| <b>Species</b>             | Homo sapiens (Human)                                                                                                                        |
| <b>Target Names</b>        | ERBB3                                                                                                                                       |
