

# GOSR2 Antibody, HRP conjugated

|                            |                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA009678LB01HU                                                                       |
| <b>Abbreviation</b>        | Golgi SNAP receptor complex member 2                                                     |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                            |
| <b>Uniprot No.</b>         | O14653                                                                                   |
| <b>Immunogen</b>           | Recombinant Human Golgi SNAP receptor complex member 2 protein (1-190AA)                 |
| <b>Raised In</b>           | Rabbit                                                                                   |
| <b>Species Reactivity</b>  | Human                                                                                    |
| <b>Tested Applications</b> | ELISA                                                                                    |
| <b>Relevance</b>           | Involved in transport of proteins from the cis/medial-Golgi to the trans-Golgi network.  |
| <b>Form</b>                | Liquid                                                                                   |
| <b>Conjugate</b>           | HRP                                                                                      |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4         |
| <b>Purification Method</b> | >95%, Protein G purified                                                                 |
| <b>Isotype</b>             | IgG                                                                                      |
| <b>Clonality</b>           | Polyclonal                                                                               |
| <b>Alias</b>               | Golgi SNAP receptor complex member 2 (27 kDa Golgi SNARE protein) (Membrin), GOSR2, GS27 |
| <b>Species</b>             | Homo sapiens (Human)                                                                     |
| <b>Research Area</b>       | Signal Transduction                                                                      |
| <b>Target Names</b>        | GOSR2                                                                                    |
