

# Thbs3 Antibody

|                            |                                                                                                                                                     |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | CSB-PA023489DA01MO                                                                                                                                  |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                                                       |
| <b>Uniprot No.</b>         | Q05895                                                                                                                                              |
| <b>Immunogen</b>           | Recombinant Mouse Thrombospondin-3 protein (24-350AA)                                                                                               |
| <b>Raised In</b>           | Rabbit                                                                                                                                              |
| <b>Species Reactivity</b>  | Mouse                                                                                                                                               |
| <b>Tested Applications</b> | ELISA                                                                                                                                               |
| <b>Relevance</b>           | Adhesive glycoprotein that mediates cell-to-cell and cell-to-matrix interactions. Can bind to fibrinogen, fibronectin, laminin and type V collagen. |
| <b>Form</b>                | Liquid                                                                                                                                              |
| <b>Conjugate</b>           | Non-conjugated                                                                                                                                      |
| <b>Storage Buffer</b>      | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4                                                                    |
| <b>Purification Method</b> | >95%, Protein G purified                                                                                                                            |
| <b>Isotype</b>             | IgG                                                                                                                                                 |
| <b>Clonality</b>           | Polyclonal                                                                                                                                          |
| <b>Alias</b>               | Thrombospondin-3, Thbs3, Tsp3                                                                                                                       |
| <b>Species</b>             | Mus musculus (Mouse)                                                                                                                                |
| <b>Research Area</b>       | Others                                                                                                                                              |
| <b>Target Names</b>        | Thbs3                                                                                                                                               |
